

HOUSE PASSES SOLDIER BONUS BILL

MEASURE CARRYING \$4,000,000,000 IS PASSED BY BIG VOTE

Party Lines Disappear in Debate and the Final Vote Was 333 for and 70 Against—Option of Four Plans Are Offered to Veterans—Galleries Jammed for Final Debate

(By The Associated Press)
WASHINGTON, March 23.—The four billion dollar bonus bill was passed tonight by the house by an overwhelming majority. It now goes to the senate where its fate is regarded as uncertain.
Party lines disappeared both in the general debate and on the final roll call, 242 Republicans, 90 Democrats and one Socialist supporting the bill and 42 Republicans and 28 Democrats voting against it.
The vote was 333 to 70, or 64 more than the two thirds majority necessary for passage of the measure under the parliamentary procedure selected by Republican leaders for the expressed purpose of preventing the Democrats from offering a motion to recommitt.

SENATE CONCLUDES DEBATE IS READY FOR FINAL VOTE

Both Sides Predict the Treaty Will Be Ratified Today

(By The Associated Press)
WASHINGTON, March 23.—The senate concluded tonight its long debate on the four power Pacific treaty and prepared for its final vote tomorrow with the leaders on both sides privately agreeing that ratification by a narrow margin seemed certain. A display of oratorical fireworks, scarcely surpassed in spectacular effect even during the Versailles treaty fight, brought the debate to an end. Both opponents and supporters of the pact summed up their four weeks of argument in a discussion that lasted all day and until late at night but apparently did not change the vote.
Estimates of the outcome made tonight by Senators well informed of the situation placed the ratification majority at from 3 to 10 votes, depending on how many of those who have been counted against the treaty join the majority once they see that the administration leaders are sure of the two thirds necessary ratification. It was said that several who would stand with the opposition if there were a chance to defeat the pact were inclined not to waste their vote in a lost cause.
A dozen or more reservations and amendments also must be voted on tomorrow but the administration managers are confident of the defeat of all of them except the no-alliance declaration framed by the foreign relations committee and accepted by President Harding. A final effort to secure administration acceptance of a second reservation extending the privileges of the treaty to outside powers failed.
More than a score of Senators took part in the last hours of the debate which ended automatically under an agreement when the senate adjourned tonight. The faculty opponents marshalled all (Continued on Page Four.)

PRESIDENT MAKES REPLY TO LETTER OF JOHN BARRETT

Says Only Hitch With Mexico is One of Proceedings

(By The Associated Press)
NEW YORK, March 23.—The only hitch in restoring friendly relations between the United States and Mexico is one of proceedings declares President Harding in a letter to John Barrett, former director general of the Pan-American Union made public tonight by Mr. Barrett with permission of the white house. The president's letter dated March 21 was in reply to one addressed him by Mr. Barrett in which the latter is in a letter to Mr. Harding a summary of answers received from 141 Latin-Americans in 20 replies to the question asked of 200 as to what they believed the United States might do on its own initiative to promote Pan-American friendship.
Mr. Barrett advised the president that among other things, the following recommendation stated in composite summarized terms, had been made by the Latin-Americans:
Early recognition of Mexico by the United States on a basis consistent with the natural and exaggerated dignity, sovereignty and rights of both nations, with concessions, if necessary on the part of both inspired by that same spirit of conciliation and co-operation which characterized the United States and other governments at the recent arms conference.
In his reply Mr. Harding said: "I am not surprised at the expression of sentiment in the Latin-American republics which your letter conveys. As a matter of fact we feel that way here. There is really no difference of opinion as to what is necessary to restore friendly relations between our own republic and that of Mexico. The only hitch anywhere is one of proceedings. Undoubtedly both countries are of the same kind, excepting that we cannot arrive at a program which cures the whole situation—one complete program which is to be executed at one time."

POINCAIRE'S ATTITUDE IS ALREADY KNOWN

(By The Associated Press)
PARIS, March 23.—Commenting on the note from the American government on its claims for payment of the expenses of its forces on the Rhine officials in close touch with M. Poincare said today the premier's attitude already had been made clear. They said he regarded the American claims as indisputable in equity, but it was rather difficult for him to make any further expression of opinion, since France was the least interested party in the first billion gold marks paid by Germany, receiving only 140,000,000. His friends said he could not comment himself to a more definite stand.

TWO KILLED IN CALIFORNIA WRECK

(By The Associated Press)
LOS ANGELES, Cal., March 23.—Two persons were killed and one injured when Passenger Train No. 17 of the Santa Fe railroad westbound from Phoenix to Los Angeles was derailed at Azusa, 20 miles east of here late today.
The dead are the engineer and a woman passenger. A woman passenger was severely bruised.
According to the report, the engine struck a steam roller on a grade crossing, throwing the engine and several cars from the track.

FLYING BOAT LOST OFF FLORIDA COAST

(By The Associated Press)
MIAMI, Fla., March 23.—An all-day search for the missing boat Miss Miami with six persons aboard, had tonight resulted in no trace of the craft being found.
The Miss Miami left here at noon yesterday with Pilot Robert More and five passengers, for Bimini.
Four planes were pressed into the search today and combed the coast and keys, returning at dusk. A destroyer and speed boats were still plying the waters tonight. Hope was fading fast for there was a heavy wind last night and airmen doubt if it was possible for the craft to withstand a rough sea long.

BRIEFS

(By The Associated Press)
YOUNGSTOWN, Ohio, March 23.—Independent steel manufacturers of the Youngstown district today announced increases effective immediately of \$2.50 per ton on slabs; \$2.00 on small billets and sheet bars, and \$2.00 on heavy billets. Prices are f. o. b. Youngstown.

WASHINGTON, March 23.—President Harding today nominated Emil S. Peters of Honolulu to be chief justice of the supreme court of Hawaii, and Antonio M. Perry to be associate justice of the supreme court of Hawaii.

CARMEL, Ill., March 23.—The National Bank of Carmel yesterday was sold by John M. and Stewart L. Crebs to a group of business men and farmers. The Crebs owned all of the \$40,000 worth of stock except 30 shares.

CHICAGO, March 23.—The Chicago Milwaukee and St. Paul railroad company today let contracts for 4,000 new box cars costing \$5,500,000. The cars will all be built by Chicago firms, except 1,500 which will be constructed by the Bettendorf Car Co., at Bettendorf, Iowa.

URBANA, Ill., March 23.—Today's session of the trial of P. E. Wiggins, former Homer, Ill., banker, accused of having accepted deposits, knowing the bank to be insolvent was given over to identification of exhibits. No testimony was presented. The case has now been on trial 10 days.

HARRISBURG, Ill., March 23.—In preparation for the coal strike scheduled for April 1st, every coal mine in this district is working full blast and records are being broken every day for duration. Railroads are rushing empty cars into this district and word has been sent that every moment would be utilized from now until the strike.

CHICAGO, March 23.—The final report of David A. Brown, national chairman of the campaign to raise in this country \$14,000,000 for the relief of Jewish war sufferers will be made at an all-day conference at the Hotel Statler, Detroit on Sunday, April 9. It was announced today.

HERRIN, Ill., March 23.—The world's record for hoisting coal out of a single mine in one day, was broken at a mine at Zeigler, near here yesterday, when over 9,000 tons, filling 162 railroad cars were raised. A mine at Orlet previously held the record.

DALLAS, Texas, March 23.—Police Sergeant Louis Spencer and Patrolman Paul Adair were suspended from duty and Patrolman J. J. Crawford was discharged today following a conference between city officials in connection with the recent flogging of Phillip Rothblum and Frank H. Eberidge. District Attorney Maury Hughes announced arrests would be made today in the same connection.

WASHINGTON, March 23.—A man living in the country wants to keep up with new fiction. There is no book store nearby. His mail is delivered by rural carrier. Often there is a free library in the town from which the mail man starts. Being out of reading matter, he writes for a book. It would be mailed free under a bill Representative Green, Republican, of Iowa, had introduced. Once read, it would go back free. That is, if the Green bill gets through.

LONDON, March 23.—The Italian cabinet headed by Premier Facta was given an unanimous vote of confidence today in the senate at the close of a debate on the government policy says a Stefani dispatch from Rome.

CHICAGO, March 23.—Effort of a staff of ten physicians to save the life of Gwendolyn Armour, 6 year old daughter of Philip D. Armour, III, were unavailing. The little girl died early today of septicaemia. She had been ill a week.

WASHINGTON, March 23.—The condition of winter wheat and other fall-sown grains generally continued to improve during the week ending Tuesday. The weather bureau says today in its weekly crop report.

LIABILITY OF MINE WORKERS FOR DAMAGES

Question Now Being Argued In United States Supreme Court

(By The Associated Press)
WASHINGTON, March 23.—The liability of the United Mine Workers of America as an organization for damages which may be caused by acts of its members during strikes, was argued at length today in the supreme court by W. A. Glasgow for the union and by H. S. Drinker, Jr., and J. B. McDonough as counsel for the nine mines in Arkansas which brought the so-called Coronado coal case to the supreme court by the destruction of their property during strikes in 1914.

The United Mine Workers contended that their organization could not be sued because it was incorporated and court decisions were cited by counsel in support of this argument to have set aside the decision of the lower federal courts holding that the organization had violated the Sherman anti-trust law by restricting interstate commerce. Other points included the objection that individuals and not collectively suits should have been brought by the companies against the union.

The conspiracy of the United Mine Workers alleged in the Arkansas strike was not attributed to the Chicago Central competitive field conference of 1898 between the mine operators and the miners, or to any subsequent annual wage scale conferences between the operators and miners in that section, counsel for the mine owners contended. They asserted that the conspiracy found by the court consisted of an agreement among the union miners founded upon tech teachings of the central competitive field conferences and spread by the officers of the union who insisted that the competition of non-union mines must be suppressed.

If the treaty of the United Mine Workers can be used to promote a strike, arm the strikers, and pay the fines imposed upon individual leaders for violations of the law, then the treasury of the union can be assessed, counsel for the operators argued, to pay for damages which the courts found resulted from the unlawful acts of members of the union during a strike.

ALLIES TRYING TO GET GREEKS AND TURKS TOGETHER

Hope Belligerents Will Accept Armistice Plans Presented

(By The Associated Press)
PARIS, March 23.—The question of peace in Asia-Minor again took up the greater part of the conference today of the foreign ministers of Great Britain, France and Italy who appear to be confident that the Greeks and Turkish nationalists will accept armistice terms proposed in the communication despatched yesterday to the Greek and Turkish capitals.

It was decided this morning to ask Marshal Foch and other allied military experts to give their opinion on a plan prepared by the military experts at Constantinople for the eventual evacuation of Asia-Minor conditioned upon acceptance by the Turks of the general peace conditions to be fixed later.

The remainder of the day session was given over to study of measures for the protection of the minority elements in Asia Minor—that part of Cilicia evacuated by the French and the regions of Anatolia which eventually may be evacuated by the Greeks.

French public opinion does not appear as confident as the foreign ministers that the armistice proposition will be accepted.

PROBOST BEING HELD FOR INQUIRY.
NEW YORK, March 23.—August Probst, young Swiss Butler, who charges that he was being railroaded out of the country because he had been in love with a Pittsburgh society girl when he worked at the Rolling Rock Club, Legioner, Pa., today was taken from the Psychopathic ward at Ellis Island to await the action of a special board of inquiry for the immigration service. He is still being held at the island.

DECLARES HIGH SCHOOL DISTRICT INVALID.
FREEPORT, March 23.—Judge Edwards in circuit court today declared invalid the community high school district No. 307 which includes Freeport and portions of four other townships. An order of ouster against the directors was entered. The court held that the district created in 1920 and 12 miles square is of abnormal size.

The case will be appealed it was stated.

CANADA PROFITS BY DRY LAWS OF UNITED STATES

Allege Officials Collect \$13.50 Per Case on Liquor

(By The Associated Press)
HAMILTON, Ont., March 23.—A picture of Canadian custom officials standing at night on the river bank collecting \$13.50 a case on dominion liquor as it was loaded on boats to be smuggled into the United States was drawn in police court today.

The picture was sketched by H. G. Guest of Bridgeburg, a trucking contractor and Charles Russell described as "body and soul" of a Buffalo importing company. They took the stand during a hearing in the case of Roy Mitchell, and William Hughes of Bridgeburg, employed by Guest who were charged with keeping liquor for barter and sale.

Distilling is permitted under the Ontario liquor laws but the product must not be sold in the province. Sixty cases which Mitchell and Hughes were taking in a truck thru Hamilton on their way to the border were seized March 15.

Guest acknowledged that the truck belonged to him and that his two employers had no interest in the shipment. He identified a letter found on the prisoners addressed to him by the Buffalo company ordering him to truck the liquor from Waterloo and testified he had given it to his employees so that if they were stopped on the road they could show they were acting in good faith.

Stopped Near Custom House.
Guest said that trucks usually were stopped a block from the custom house and the papers taken inside. Custom officials then superintended all other movements. Often the witness said when customs men could not be located at night to check off cases, dominion or provisional police officiated.

"You knew that you were assisting in the importation of liquor to the United States in contravention of their laws?" asked Justice Joffe.
"Yes," replied the witness.
"You didn't take it into the states," interrupted James Haverson, defense counsel, who then said to the court:
"That seems to be the bugbear, your worship. Why we should take any account of the United States, I can't understand."

"The trouble is that in Canada we pass laws and try to enforce them, while in the United States they pass laws and then pigeonhole them."
"How much does the dominion government get out of it?" he asked again, addressing the witness.
"Thirteen dollars and a half a case," Guest replied.
"There," exclaimed Mr. Haverson, "even the government is making money out of it."

Russell admitted ordering the liquor and engaging Guest to truck it to the border.

ARBITRATION BOARD CUTS UNION'S WAGES

CHICAGO, March 23.—A wage cut of three dollars in the weekly pay for about 2,100 members of the Franklin Feeders and Assistants Union No. 4 was announced today by a board of arbitrators. The new rate goes into effect for one year beginning Monday and affects employees of nearly all printing and publishing houses in Chicago.
A wage rate of \$39.65 has been paid for a 44-hour week. Eight hundred junior members of the organization paid at the rate of \$24.90 a week had their pay reduced \$1.80 a week.

BIG BUSINESS TRYING TO CRUSH ORGANIZED LABOR LEWIS CHARGES

President of Mine Workers Says Are Allied With So-Called Americanism Organizations in Effort—No Agreement Has Yet Been Reached in Anthracite Conference

(By The Associated Press)
NEW YORK, March 23.—Charges that "big business and so-called Americanism organizations" are engaged in a deliberate attempt to crush organized labor were made today by John L. Lewis, president of the United Mine Workers. Mr. Lewis' statement came at the close of a three day session of the mine owners and workers' wage arbitration committee which ended without agreement that would halt the impending strike of 600,000 anthracite and bituminous miners April 1.

Agreement of miners and operators upon a wage scale for the 3,000 anthracite men who will maintain colliery properties while the strike is in progress is the sole result of today's session. This agreement was in the form of a contract stipulating that the men shall receive the present scale while the strike is on, their wages for the strike prior to be governed retroactively by the scale upon which settlement of the strike shall be based.

The following communique was issued by the committee of eight.
"The anthracite sub-committee met today. The following memorandum offered by the mine workers' representatives was adopted:
"It is understood that, pending the negotiation of a new agreement, the organization shall allow such men as may be required for the proper maintenance and protection of property to work at the wage schedules provided for the various occupations under the provisions of the present agreement. The new agreement when consummated, shall be effective as of April 1, 1922."

This committee adjourned tonight to permit Mr. Lewis and the dozen anthracite chiefs chosen as district representatives to attend a conference of the policies committee of strike wages and means scheduled to be given at Cleveland tomorrow. When sittings of the wage arbitration committee Monday the labor section will be prepared to submit specific data supporting their 19 demands for higher wages and better working conditions, it was announced. Up to this time it was said the operators have refused to amplify their original statement that they would demand a general reduction or to state which of the miners' demands would be challenged.

Mr. Lewis' charge that organizations were working to overthrow the unions was made in connection with an announcement that the Rail and Miners' Protective Alliance had been formed to combat such an attempt.

The protective alliance, with a present membership of 275,000 railroad men and miners, is an organization to preserve the integrity of the associations, Mr. Lewis asserted. "It will seek to promote the welfare of the unions and to fight influences which threaten to destroy or jeopardize their continuation."

Among the foes of the United Mine Workers and other affiliated unions, he said, were the National Chamber of Commerce, the United States Steel Corporation, associations of mine operators and sponsors of the American Plan, which he characterized as "wholly un-American."

The miners' chief indicated that the rail and Miners' Protective Alliance would be one of the implements of last resort to be called upon should a protracted refusal of the bituminous operators to discuss wages with the miners threaten disintegration of the unions.

JURY ACQUITS PIANO SAYS HE WAS INSANE
Dudley Taylor, assistant state's attorney said the matter would be presented to the grand jury and indictments for conspiracy sought.

CHICAGO, March 23.—Frank Piano, who shot and killed his 17 year old son to save him, he said, from a wayward career, was not found guilty by a jury today of a charge of murder. The verdict was given on the grounds that Piano was insane at the time of the shooting.

When put on the stand in his own defense, Piano testified that he had a dream on the night of March 23, 1920, that his son was shooting a policeman and that he got up, found a pistol and shot his son three times.

"I thought that the boy was going to be a thief," he testified. "I could not make him work. He would not listen to me."

CHICAGO, March 23.—Having failed to reach a definite agreement on wages and working conditions representatives of West-ern railroads, L. S. Sheppard head of the Order of Railroad Conductors and W. G. Lee, president of the Brotherhood of Railroad Trainmen decided to hold further conferences here in a week or two. Efforts are being made to reach an agreement without taking the differences to the railroad board for a decision.

FLOOD WARNING IS SENT OUT BY WEATHER BUREAU

Persons Living Near River South of Cairo Warned to Move

(By The Associated Press)
MEMPHIS, Tenn., March 23.—Persons living outside the levees or on unprotected river lands south of Cairo, Illinois, on the Mississippi river were warned by the weather bureau here to seek safety immediately as a stage exceeding 42 feet could be expected here early next week. The gauge tonight registered almost 39 feet with the water rising rapidly.

The new warning was caused by the rapid rise of the river at Cairo and points south with an unexpected volume of water coming out of both the Ohio and Mississippi rivers. River men predict 43 feet at least on the gauge here. Engineers of the Mississippi state levee committee co-operating with United States government engineers today took active steps to protect the embankments in that state. The river above line was divided into districts and beginning tomorrow morning a mounted patrol will be stationed each 15 miles.

At Cairo the river is still rising altho the crest of the flood had been expected there today.

UNION RECORDS SEIZED IN CHICAGO

(By The Associated Press)
CHICAGO, March 23.—Detectives from the state's attorney's office raided the headquarters of district council No. 14 of the Painters' Union today and there seized records of the organization and took Ray Stuart one of the business agents of the organization into custody.

Stuart, it was declared recently ordered painters decorating a church to quit work because the scaffolding upon which they were working was made by non-union men. The painters, it was said, refused to quit and were taken before a union committee where one was badly beaten and the other intimidated.

Dudley Taylor, assistant state's attorney said the matter would be presented to the grand jury and indictments for conspiracy sought.

CHICAGO, March 23.—Having failed to reach a definite agreement on wages and working conditions representatives of West-ern railroads, L. S. Sheppard head of the Order of Railroad Conductors and W. G. Lee, president of the Brotherhood of Railroad Trainmen decided to hold further conferences here in a week or two. Efforts are being made to reach an agreement without taking the differences to the railroad board for a decision.

Making charges against governors and arresting them seems to be a popular sport these days. The chief executive of Oklahoma is the last to be given this kind of notoriety. He was fortunately able to give a \$5,000 bond and so is not in jail.

The only time that Henry Ford talks like a politician is when he says that he does not propose to let Wall Street get away with Muscle Shoals. The talk about Wall Street is usually heard in pre-election oratory.

Come to think of it, Chief Justice Kiekham Seaman is almost as high sounding a title and name as Judge Kenesaw Mountain Landis. The chief justice does not seem to be lacking in pep, either, and did not hesitate to tell an assemblage of Chicago business men that they are primarily to blame for the present condition of lawlessness that reigns in that city.

The meeting of agents of the Standard Oil Co., in Jacksonville yesterday brings to mind the statement of a friend of John D. Rockefeller. This man, who has known the oil magnate intimately for thirty years, said that in all that time he had never seen Mr. Rockefeller lose his temper. So perhaps Mr. Rockefeller should be known not only as the world's richest but also the calmest man. Riches and calmness both are great possessions.

If the automobile show is not a success the fact will not be due to lack of well ordered preparation. The committees are earnestly at work and the smoothness with which the preparations have moved forward indicates the heartiness of the co-operation and interest. There is every promise

The bonus bill has passed the house. Now it remains to be seen just how many real friends President Harding has in the senate. If the friends predominate they will amend the measure in such a way that it may have executive approval and still leave the president in a consistent position. If enemies prevail, the bill will go to the president in its present form.

ILLINOIS STATE BANKS NOW EXCEED 1,400

Reopening of the Bardolph State Bank, organization of the State Bank of Franklin Park, Chicago, which took over the assets and assumed the liabilities of the Franklin Park State Bank, and consolidation of two Harrisburg banks, has brought the number of state banks in Illinois to more than 1,400 again, according to a statement of Auditor Andrew Russell. The total number is now 1,401, 154 of which are in Chicago, 67 in Cook county outside the city, leaving 1,180 in the remaining 101 counties of the state.

Few changes among the state banks of Illinois occurred during the last month. The Peoples State Bank of Carrollton went into voluntary liquidation and its business was taken over by the Greene county State Bank and the Carrollton bank. The consolidation at Harrisburg was a merger of the Saline Trust and Savings bank and the Harrisburg State Savings bank under the title of "First Trust and Savings Bank of Harrisburg."

The Twenty-sixth Street State bank of Chicago increased its capital from \$100,000 to \$200,000 and the Manufacturers bank of East Moline decreased capital from \$135,000 to \$100,000.

CLOSED SHOP TO BE THEME OF DEBATE

Illinois and Monmouth Colleges Will Discuss Question of Present Day Importance.

One of the most important questions of the day is to be debated at Illinois College Friday, tonight. The question for debate is one of the most vital questions facing the people of the world today. Citizens of Jacksonville should endeavor to hear the Illinois College team debate the Monmouth team on the question "Resolved that the Principle of the Closed Shop in Industry is Justifiable." Illinois College will uphold the affirmative.

Most people have but a vague knowledge of trade unions, of the tremendous importance of this question and this debate offers an excellent opportunity for the people of Jacksonville to become better acquainted with the labor problem which is facing America today.

Illinois College extends a special invitation to the men of the Chamber of Commerce, Rotary and Kiwanis clubs and to the men affiliated with any kind of labor organizations to be present.

The Illinois College team has a strong argument and will present a new side of the labor problem to the public.

STANDARD OIL AGENTS

MET HERE THURSDAY

The annual meeting of the agents of the southern district of the Peoria division of the Standard Oil Co., of Indiana, was held at the Pacific hotel in this city Thursday morning. The meeting was attended by forty agents of the company in this territory and reports made indicate a very favorable outlook for the oil business.

J. R. Coulton, manager and G. F. Phillips, assistant manager of the Peoria division were in charge of the meeting.

Brief addresses were made by Charles F. Eberle, superintendent of this district, and by J. Clay Lee and W. R. Batlin of the Peoria office. George Thomas, agent at Winchester, was another speaker, as was Mr. Martin, the local salesman.

Following the business session the guests were entertained at luncheon at the Pacific cafe.

FAIR HEADQUARTERS AT C. OF C. ROOMS

This Plan Has Approval of C. of C. Directors—Report Made on Conference With Mr. Chubbuck—Mr. Hardy to Explain City Plan Commission.

At the meeting of the directors of the Chamber of Commerce Thursday night tentative arrangements were made for placing the office of the Fair association in the Chamber of Commerce rooms. This action will be taken if directors of the Fair association look with favor upon it.

R. Y. Rowe presided Thursday night and there was a goodly representation of the directors present.

John W. Merrigan, who with W. E. Sullivan recently made a trip to Springfield for a conference with H. E. Chubbuck of the Illinois Traction System, made an informal report. Mr. Merrigan outlined the conversation with Mr. Chubbuck in which the latter explained some of the difficulties of the operation of utilities and the general policy of management that must be followed.
Mr. Merrigan said that Mr. Chubbuck made it plain that the company wished to charge in Jacksonville only such rates as are necessary to make a reasonable return on the investment here. In the course of a week a statement is expected from the company thru Mr. Gray as to the reductions in service rates that are now possible.

Secretary Welch reported progress being made in connection with the work on the Mercedosa bridge and it is the understanding that as soon as Mr. Berger of Mercedosa advises that the contract has been completed that the Chamber of Commerce will proceed to raise its pledge toward the fund.

Will Use C. of C. Rooms.

The plan of having the Fair association use the Chamber of Commerce rooms was fully discussed and it was the decision of the directors that it will be satisfactory to make this arrangement and for Secretary Welch to also serve as secretary of the fair association. A small charge is to be made for the service and the office space. The matter will now be submitted to the directors of the Fair association.

The trade extension and clean up and paint up committee reported thru Secretary Welch with reference to work now in progress. Announcement was made that W. F. Hardy, chairman of the Decatur city plan commission has been secured as the speaker for the next forum meeting to be held Thursday, March 30. Mr. Hardy will explain about the work of the committee in Decatur.

Secretary Welch gave some facts to show how satisfactorily preparations for the automobile show and merchants' exposition have progressed. Mention was made that a radiophone has been established and the electric piano of the Ell Bridge Co., secured, both as features of the entertainment program.

DR. WILSON TO VISIT PISGAH PRESBYTERIAN CHURCH

Dr. Warren E. Wilson of New York, expert in community work for the Presbyterian church, is coming to Jacksonville on Saturday. Dr. Wilson is making the trip at this time especially to visit Pisgah Presbyterian church. He will address the people there Sunday afternoon and Sunday morning Dr. Wilson will occupy the pulpit of Westminster church.

"David and Absalom," and "The Prodigal Son," two films, Westminster church Sunday night. Sermon by Dr. Smith.

ADVICE

What is It Worth?

It depends—upon the one giving the advice, his standing, training and experience.

In investment matters, no one is better qualified to give advice than a bank.

It is a bank's business to know what investments are safe. Every day it comes in contact with investment problems.

This bank, through its place among the successful institutions of its kind, is especially fitted to advise on investment matters and to suggest safe selections. It does not recommend and never has recommended any but the highest grade securities.

Our advice on investment matters is yours for the asking whether or not you are contemplating an investment through us.

LORAIN

Oven Heat Regulator

"Better Cooking." What woman isn't instinctively interested in
this subject? For every housewife dearly loves to have her house-
work perfect and the most important part of house keeping is
cooking. So, no matter how delicious the results you are obtain-
ing, we can make your bakings more delightful because your ev-
ery baking will be equal to your "luckiest day." That is, you will
never have any more "unlucky days." This wonderful result is all
brought about by the "LORAIN" Oven Heat Regulator which en-
ables you to measure oven temperatures as easily as you measure
sugar in a tea cup.

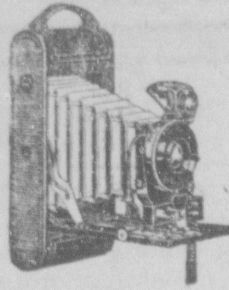

No more guessing at the heat, no
more feeling of the oven temperature
with the hands, or browning paper.
You merely set a marked wheel—as
easy as turning a door knob—and get
the proper temperature every time
you bake.

Today "temperature cooking", the

SENATE CONCLUDES DEBATE, IS READY FOR FINAL VOTE

(Continued from Page One.)
The off repeated argument against the four power arrangement as an "alliance" and injected several new issues that caused momentary sensations and led to bitter exchanges. A recent speech by Trotsky serving notice that the new internal group should not forget the war of Russia was quoted by Senator Borah.

Inject Religion in Debate.
Allegations that the pastor who opened the army conference with prayer was compelled to omit the name of Christ were thrown into the debate by Senators Reed, Democrat, Missouri, Hitchcock, Democrat, Nebraska, and others. In an arraignment of the treaty as a return to the balance of power system, Senator Glass, Democrat, Va., declared it was a step toward war instead of peace. For the treaty supporters, Senator Lenroot, Republican, Wisconsin, Kellogg Republican, Minn., and others insisted that no alliance was proposed and that amity in the Pacific for many years to come would be insured. They argued that the opposition had misrepresented the terms of the treaty and the situation it would create.

Today and tonight more proposed reservations were added to the half dozen pending. They included one by Senator Walsh, Democrat, Montana, for participation of outside powers in Pacific conferences affecting their interests. Senator La Follette, Republican, Wisconsin, submitted six providing among other things that any signatory might terminate the treaty on one year's notice. That there should be no separate agreements among any of the four powers prejudicial to the purposes of the treaty that the Anglo-Japanese alliance should not be renewed during the life of the treaty and that the independence of the Philippines, when attained should be respected by all the signatories.

HOUS PASSES SOLDIER BONUS BILL

(Continued from Page One.)
Representatives Campbell, Republican Kansas, and Longworth, Republican, Ohio, assailed the minority report filed by Representative Kitchin, Democratic leader and four other Democrats of the ways and means committee. Mr. Longworth declared the reference in the report to Ambassador Harvey as the "blasphemous, libelous bootlicker at the Court of St. James," was most "disgracefully vulgar."

He characterized the whole report as "cheap, wantonly vulgar and disgraceful."
Members Showed Impatience.
As the debate dragged along late in the debate many members began to manifest impatience and some speakers had difficulty in getting underway because of the repeated and loud demands for a vote. Speaker Gillett had trouble in maintaining order. At the outset of the day Democratic leaders sought to upset the majority program to have the bill considered under a suspension of the rules but Speaker Gillett overruled the point of order by Representative Garrett of Tennessee that the resolution making this a special suspension of the rules was in violation of the house rules. The first roll call came when Chairman Campbell of the rules committee demanded the previous question on the resolution. His motion was adopted by a vote of 275 to 127.

The resolution was then adopted, a rising vote, 221 to 121 and Chairman Fordney of the ways and means committee was recognized by the speaker to present the motion to suspend the rules and pass the bill. They took an hour.

Opening debate, Chairman Fordney explained the bill in detail and concluded with the declaration that in practical effect every state where the bonus had been put to a vote it had been approved by a large majority and that of the ten states that had voted a cash bonus, "not one was south of the Mason and Dixon Line."

The discussion went forward rapidly, member after member being given a minute or two minutes to declare his position. Declaring the strain on the credit of the country by the passage of the bonus bill would have a tendency to retard the emergence of the country from the present industrial depression Representative Mann, Republican, Illinois, said the veterans who were working did not need the money and the veterans who were out of work wanted a job.

"You propose to offer them a certificate not a job," said Mr. Mann, "and if they make use of the certificate you give them a chance to go into debt; not to go to work."

He predicted that in a few years congress would be severely criticised for having enacted a law for land reclamation.

There was laughter, some applause and a chorus of noes when Representative Brennan, Republican, Michigan, urged that the bonus be paid with a tax on "non-intoxicating beer."

Congressman Guy L. Shaw, Richard Yates of Illinois voted for the soldier bonus.

Mr. and Mrs. D. C. Hawk and daughter of Winchester were shopping in the local business district Thursday.

EDUCATORS TO HEAR STRANGE STORIES

Men Will Tell of Their Life Work in Unique Branches of Educational Work.

Carbondale, Ill. — (By The Associated Press.)—The sharp crack of the fender's rifle in the mountains of Kentucky, the cry of the wolf pack and the long weird howl of the Malmute in the frozen stillness of the northland are not usually associated with pedagogy but they have intimate and inseparable connection with educational matters about which southern Illinois teachers will hear at their annual meeting here March 30 and 31.

James A. Burns, president of the little college at Oueda, Ky., will tell of his life long struggle to conquer the feud spirit among the mountaineers of his state, and Vilhjalmur Stefansson, famous Arctic explorer, will bring a message from the wide expanses of the Arctic regions to the teachers of Southern Illinois.

"Burns of the Mountains" had dedicated his life to the education of the Kentucky mountaineer; Stefansson, his, to obtain for civilization some of the secrets of the land of the midnight sun, which he penetrated and in which he remained for years in the interest of science.

These men are expected to tell just how cheap life is beyond the edge of the circle of civilization and education in which the school teacher of southern Illinois moves.

The world owes to Stefansson much of its knowledge of the Arctic region. The late Theodore Roosevelt once wrote to the explorer: "There are few men in the world whom I envy, and you are one of them."

Many a Kentucky mountaineer owes his life to "Burns of the Mountains." Neighborly salutations have replaced shots from ambush and more than one mountaineer who might have snuffed out in his late or early teens is still here discussing current events with the neighbor who has forgotten the ancestral enmity which made some Kentucky generations short.

Other speakers at the 41st annual meeting of the Southern Illinois Teachers association include: Francis G. Blair, state superintendent of public instruction; Miss Charl O. Williams, county superintendent of schools at Memphis, Tenn.; Professor George R. Grose, president of DePaul University, Greenfield, Ind.; Dr. R. L. Lyman of the University of Chicago; Professor H. A. Hollister, of the University of Illinois.

NUMBER OF STATE BANKS OVER 1,400

Springfield, Ill. (By the A. P.) — Reopening of the Bardolph State bank, organization of the State Bank of Franklin Park, Chicago, which took over the assets and assumed the liabilities of the Franklin Park State bank, and consolidation of two Harrisburg banks, has brought the number of state banks in Illinois to more than 1,400 again, according to a statement by Auditor Andrew Russell. The total number is now 1,401, 154 of which are in Chicago, 57 in Cook county outside the city, leaving 1,190 in the remaining 101 counties of the state.

Few changes among state banks of Illinois occurred during the last month. The People's State Bank of Carrollton went into voluntary liquidation and its business was taken over by the Greene County State Bank and the Carrollton bank. The consolidation at Harrisburg was a merger of the State Trust and Savings Bank and the Harrisburg State Savings Bank under the title "First Trust and Savings Bank of Harrisburg." The Twenty-Sixth Street State Bank of Chicago increased its capital from \$100,000 to \$200,000 and the Manufacturers State Bank of East Moline decreased capital from \$150,000 to \$100,000.

WIDOW OF JURIST GETS \$450,000.

CHICAGO, March 23. — Mrs. Katherine Grosscup Moon, wife of F. K. Leslie Moon and adopted daughter of the late Federal Judge Peter S. Grosscup was awarded \$450,000 today in probate court after a hearing concerning the will of Judge Grosscup. Mrs. Moon was the principal beneficiary under the terms of the will. It was thought that Judge Grosscup had made a second will but it was never found.

START ON HUNT FOR PREHISTORIC MONSTER

Buenos Aires, March 23. — The expedition organized under the auspices of the Buenos Aires zoological gardens to search for the mysterious monster reported to have been seen in a lake, departed for Patagonia tonight. The explorers are determined to learn if such an animal exists as described recently by Martin Shetfield, an American prospector, whether it is plesiosaurus, glyptodon or megatherium.

Amiljo Frey, an Argentine civil engineer, is head of the expedition.

EARLY TRIAL FOR OKLAHOMA OFFICIALS

(By The Associated Press, OKMULGEE, Okla., March 23. — With the announcement by District Judge Bozarth that an early trial will be accorded the defendants, interests tonight centered in the probable action by the court on charges directed against Governor Robertson, Fred G. Dennis, former state banking commissioner, and several financially prominent local men. Indictments were returned by the district court grand jury after an investigation into bank failures in Okmulgee county.

The judge set no definite date for the trials.
The penalty prescribed by statute for accepting a bribe with which the governor and Dennis are charged in a joint indictment is a penitentiary offense not exceeding ten years or \$5,000 fine or both.

It also provides that the officer shall forfeit his office and be forever disqualified from holding public office in the state.

The defendants were alleged to have received \$25,000 bribe from John H. Rebold, former vice-president of the Guaranty State Bank to deposit \$150,000 in state funds, in his bank and allow the institution to continue to operate after Dennis had found it to be insolvent.

MAN WITHOUT COUNTRY FREED

Buffalo, N. Y., March 23. — John Grunzweig, for two years a modern "man without a country" was given his liberty today by U. S. Commissioner Keating with the comment that the man had been a victim of "the ramifications of red tape that would be appropriate in the circumlocution office in black house than in a modern free government devoted to the principles of liberty."

Grunzweig came from Hungary at the age of 10 with his father, the latter becoming a citizen. In 1920 the younger Grunzweig, who had become identified with the communist party was ordered deported.

CHARGED WITH EVADING TAX

Chicago, March 23. — Charles D. Gooder, president of the American Coal and Supply company was indicted by the federal grand jury today charged with making fraudulent returns and with evading payment of income taxes. He was declared to have falsified his 1920 return approximately \$100,000.

WOMEN GIVE UP PUBLIC OFFICE

Say no One Should Serve Unless
Can Give Entire Time to the Job.

THREE OAKS, Mich. — (By the A. P.) — No person, either man or woman, should hold public office unless he can give his best hours to the service of the people. If private business and public service conflict one or the other should be given up.

This, in substance, is a composite statement from Mrs. Helen Ludtke and Mrs. Maud Arnold, who recently resigned from the Three Oaks city council after a year's service. Each gave as her reason for resigning the press of

home or other duties necessary to the welfare of their families.

Mrs. Ludtke explained that in addition to helping her husband operate a dry goods store here, she spends many hours a day in her home, working at household tasks. Between waiting on customers at the store and sweeping, dusting, baking and doing other work in the home she found little time to think of civic welfare.

Mrs. Arnold found her time fully occupied in house work.

The two discussed their troubles between themselves and each asked the other if it were fair to the persons who placed them in office to spend a little time on the job for the city. Each answered that it was not fair, that the only "square" thing to do would be to resign and let others with more

spare time on their hands sit in at the council meetings.

"Administrators of public welfare must bear in mind at all times that their service must be such as to be to the best interests of the people as a whole."

This is the parting advice of the two women to their successors, whoever they may be.

"Women will be welcomed into politics when they are made to realize that they cannot serve any one set of women or even women as a whole to the exclusion of other groups," Mrs. Ludtke said. "Public servants, if they really serve, must be ready to serve their entire communities."

MOST ILLINOIS COAL UNTOUCHED

Root Estimates Ninety-Nine Per Cent of It is Untouched—State Has More Coal Than Any East of Mississippi River.

(By The Associated Press)
SPRINGFIELD, Ill. — Ninety-nine percent of the coal fields underlying two-thirds of Illinois are still untouched, according to Clarence J. Root, meteorologist in charge of the United States weather bureau here.

Mr. Root's estimate that only one percent of the coal in Illinois has been removed was made in an exhaustive report which he and his staff have just completed as

federal climatological records for "Egypt" the south portion of Illinois. Coal lies in an almost unbroken field from LaSalle county southward with the exception of narrow strips along the Mississippi river and more than half the coal in the state comes from the area covered in the report. Here the veins are thicker and the coal is said to be the best. The amount of coal in Illinois is said to exceed that of any state east of the Mississippi river.

The south one-third of Illinois known in climatological records as "Section 66" also produces more wheat than any other section of the state. The "land of Egypt" is now recognized as a leading fruit growing and truck garden country and has come into

its own as rival of the corn belt country farther north. Topographical studies of southern Illinois located in "Egypt" the highest and lowest points in Illinois. The highest point is Williams Hill in the Ozark Hills, extensions of the Ozark Mountains of Missouri. Here in northeastern Pope county the altitude is 1065 feet. The hill is 700 feet above the Ohio river.

No point in Illinois between the Ozark ridge and the rugged lands of JoDawson county reaches an elevation of 1,000 feet. Mr. Root said.

The lowest point in the state is 269 feet—is the low water mark at the junction of the Mississippi and Ohio Rivers.

The report represents weeks of effort on the part of Mr. Root and his assistants and all records are reduced to the most minute details in matters of climate, precipitation, temperatures and winds.

RAISE MONEY FOR R. R. EXTENSION.
ALTON, Ill. — Residents of Calhoun county have raised the necessary \$11,000 to insure the building of a proposed extension of the Chicago and Alton railroad from Redish station in the Nutwood Drainage District of Jersey county to a point opposite Hardin in Calhoun county.

The railroad has promised the building of the road this spring, as residents of Jersey county have subscribed \$50,000 for the purpose and have announced they will furnish road bed, ties and labor from the farms to bring the railroad from Titus in Greene county to Reddish station.

Calhoun county has been without a railroad and most of its farm products have been sent to market by river. Ferries will be operated across the Illinois river from Hardin to connect with the new line.

BOXING IN CLEVELAND SCHOOLS

STATE WIDE FARM BUREAU PAGEANT

Will Be Held in June Illinois Agricultural Association Announces.

Chicago.—By The Associated Press.—A state-wide farm bureau celebration and pageant will be held at DeKalb, Ill., on Wednesday, June 28 in honor of the tenth anniversary of the beginning of the farm bureau movement in Illinois. It was announced today by the Illinois Agricultural Association.

This event will be known as the "Farm Bureau Decennial Celebration" and will be held under the auspices of ninety-five county farm bureaus of Illinois, the Illinois Agricultural Association, the American Farm Bureau Federation and officials connected with the college of agriculture of the University of Illinois.

"The Illinois farm bureau movement," said President Howard Leonard, of the Illinois Agricultural Association today in announcing plans for the decennial, "began almost simultaneously in June, 1912, in DeKalb and Kane counties."

"In memory of this start, the Illinois Agricultural Association has received many requests in the last year that such celebration be staged, and the executive committee of the association in January passed a resolution favoring the move. This led to the appointment of the committee which met here and organized to arrange the celebration."

H. H. Parke, of Genoa, a banker-farmer, was elected president of the committee to take charge of the plans. S. E. Bradt, banker-farmer, of Keokuk, treasurer, and G. E. Metzger, of the Illinois Agricultural Association, secretary.

CLUBS AND SOCIETY

Will Entertain Club.

Mrs. Nathalie Scribner will entertain the members of the Priscilla Club of the Public Library this evening at her rooms at the home of Mrs. C. C. Cochran on West College avenue. This is a little social club which meets every two weeks and has about twenty members. A delightful evening is anticipated tonight.

Hostess to South Diamond Club.

Mrs. C. L. York entertained the South Diamond Club at her home on South Diamond street yesterday afternoon. The meeting was in honor of Mrs. Orville Atchinson, of Roseville Illinois who used to live in Jacksonville and was a member of the club. The affair was in the nature of an Easter party and the hostess had attractive refreshments and little favors of Easter bunnies and baskets. Bright spring flowers were used in pretty house decorations.

Galapka Camp Fire Girls Held Meeting.

The Galapka Camp Fire girls held a meeting Wednesday afternoon in their room in the Pilgrim Memorial of the Congregational church. There was a good attendance and at the business session plans were made for a market to be given at Dorward's, Saturday, March 25. The market will open at 10 o'clock.

Ancient Scroll Shows Contract Hugh Barr Made With School Patrons in Kentucky—A Jacksonville Election in 1868.

S. O. Barr in looking thru some old documents recently found one of more than usual interest. This, "An Article of Agreement," was written in Wilson county, Ky., in January, 1815, that is, just 107 years ago.

The agreement was between Hugh Barr, grandfather of the Jacksonville man, and certain subscribers to the school fund. It appears that Hugh Barr had agreed to teach the school in his locality provided that 25 scholars could be secured and a salary of \$200 paid. The provisions of the old contract are indeed unique, especially in the light of developments that have come in after years. It reads:

Agreement With Parents.

"Wilson, Ky., January, 1815. An article of agreement, entered into on the day and year above named, between Hugh Barr and the subscribers; witnesseth that the said Barr promises and pledges himself to teach to the best of his skill and ability, five days in every week, for the term of one year, spelling, reading, writing and arithmetic, English grammar, the Latin and Greek languages and several of the most useful branches of the sciences, at the following price, viz: \$8 for spelling, reading, writing and arithmetic; 12 for English grammar and \$15 for the languages and sciences.

Strict attention will be paid by the said Barr to the manners and morals of the students. He will commence school the 10th day of January 1815, provided 25 scholars are subscribed or \$200 made up.

The subscribers promise to furnish a comfortable house for the use of the school. They also promise to pay the amount of their subscriptions at the expiration of 12 months from the commencement."

Below these paragraphs were the spaces for the names of the subscribers, so arranged that the signatures would indicate the number of children and the branches in which instruction was desired.

Evidently Mr. Barr had plenty of faith in his neighbors otherwise he would have hardly been willing to collect his tuition at the end of the year.

An Election in '68.

Another document in the collection which Mr. Barr unearthed also has its present day interest. It is not so old as the other, but it calls to mind about a city election held more than fifty years ago. It is a third ward Republican ticket for the election of April 1868. The candidates shown are as follows:

- For Mayor—William P. Barr.
- For City Clerk—James J. Rowen.
- For City Marshal—George W. Smith.
- For Street Commissioner—Henry Rice.
- For City Attorney—William Gallaheer.
- For Assessor and Collector—W. W. Happy.
- For Alderman, Third Ward—David M. Simmons.

In the subsequent election S. O. Barr really had W. P. Barr chosen mayor and this late John Pratt clerk. However, because the salary was not satisfactory Mr. Pratt declined to accept the position and Mr. Rowen was appointed.

SECRETARY GREEN TAKES ISSUE WITH ATTORNEY GENERAL

Says Warning Indicates That Government is With Operators

(By The Associated Press)

INDIANAPOLIS, Ind., March 23.—Attorney General Daugherty's warning to coal miners against violence during the strike set for April 1, was interpreted tonight by William Green, secretary-treasurer of the United Mine Workers as indicating that the forces of the government would be used against the strikers for the benefit of coal operators, who Mr. Green asserted "constitute the only group which thus far has committed violence."

The only impression which can be obtained from an analysis of the attitude of the government, he said in a statement "is that, if necessary the miners will be coerced and the forces of government will be used against them in order to guarantee a production of coal but the coal operators may commit violence by refusing to carry out their contract and at the same time receive the protection of the government."

Mr. Green announced that the strike vote cast by soft coal miners this month, showed 95 percent of the miners in favor of the walk-out April 1, unless a new wage agreement had been made by that date. It was understood that approximately 300,000 miners voted. Every soft coal field, Mr. Green said, favored the strike.

Green's Statement.

In the statement replying to Mr. Daugherty's warning Mr. Green said:

"The attorney general is certainly premature in issuing a warning to the miners against violence. There is no disorder in sight among the coal miners nor is any violence threatened. The suspension will not take place for almost ten days. If the attorney general wants to put down violence why does he not proceed against the coal operators who publicly admit violence of an agreement. They constitute the only group which has committed violence."

"In refusing to comply with an agreement which they solemnly made and to the enforcement of which they pledged their honor and business integrity they have menaced the public welfare. A group of men which does violence during public stress and turmoil."

"The attorney general certainly would have a right to act in order to prevent the coal operators from committing violence because the government is a party to the existing agreement."

"Two years ago the government compelled the miners to do what it wanted done. The government, thru the attorney general, has threatened to take drastic action again, if necessary in order to produce coal which is so indispensable in operating the transportation systems of the nation."

"The department of labor has failed in its efforts to persuade the coal operators to comply with an agreement and now comes the attorney general warning the miners against violence. The only impression which can be obtained from an analysis of the attitude of the government is that if necessary the miners will be coerced the forces of the government will be used against them in order to guarantee a production of coal but the coal operators may commit violence by refusing to carry out their contract and receive the protection of the government."

RELIGION MUST BE MADE INTERESTING

(By The Associated Press)

CHICAGO, March 23.—"Unless religion is interesting, it has no place in the daily newspaper because the one unforgettable thing in a newspaper is dullness," the Rev. W. B. Norton, religious editor of the Chicago Tribune declared in a speech at the Medill School of Journalism of Northwestern University tonight.

"But religion is interesting because it has the universal appeal," he continued. "Every time a newspaper discusses a question of ethics as to its politics, its dealings with its employees, its attitude of protest against vices and graft it has dealt in religious questions."

"One grievance the church has against the newspaper is its lack of appreciation between the denominations that are fundamental and vital."

WHARRGLING MARKS GRAIN GROWERS MEETING

Chicago, March 23.—Prolonged wrangling between farmers of the United States Grain Growers Incorporated at the first annual convention of the organization was brought to an end today by a victory for President C. H. Gustafson over an anti-administration element. Efforts of a compromise committee appointed to smooth out all difficulties were unavailing and finally on a test vote after spirited debate the administration received 22,821 votes and the anti-administration faction 18,941 votes.

PETITION TO SET ASIDE WILL.

CHICAGO, March 23.—A petition to set aside the will of the late Miss Ellen Libby, Glee-Triester and sportsman, was filed in circuit court today by Frank A. Libby of Detroit, her husband. The estate was estimated at \$100,000 and the petition asserts Mrs. Libby was not of sound mind and memory when the will was made.

KIWANIANS HEARD ADDRESS ON CHINA

Lawrence Todman of Shantung Gave Interesting Facts About Great Empire—Sees Need of Strong Leaders.

At the weekly luncheon of the Kiwanis club Thursday at the Peacock Inn the principal address was by Lawrence Todman of Shantung, who gave an interesting story of present day conditions in China. President F. E. Farrell presided and announced the attendance prize winners as B. F. Shafer and W. A. Berryman. The latter was then introduced as the program chairman of the afternoon.

In his address Mr. Todman gave a brief resume of the important events in China's history in recent years, tracing in an interesting way the progress made by the Chinese Empire down to the present time.

He referred to the fact that in all her history China never before sat in a conference on an equality with other nations until she did so at the Versailles conference and at the Washington peace conference.

Mr. Todman emphasized the need that now exists for strong leaders in the Chinese nation, and declared that lack of such leaders is the greatest drawback to her progress. The settlement of China's domestic problems, the speaker said, will mean the settlement of the Oriental question in its broad sense. He sees great need of a gigantic campaign to overcome the ignorance and immorality which now prevails.

China now has 1,000,000 men under arms, according to Mr. Todman, and she will in the future be a militaristic nation. This will come about thru her association with other nations which owe their power to their war preparation.

Mr. Todman declared that China has great faith in the government and said that thru proper education and leadership she may be brought to occupy her proper place in the affairs of the nations.

PLEASEING PROGRAM IS GIVEN AT WINCHESTER

Illinois Woman's College Glee Club Presents Minstrel Show—Other News of Interest from Winchester.

Winchester, March 23.—The Illinois Woman's college glee club gave a minstrel show Thursday evening at the Lyric theatre in Winchester. The entertainment was given under the direction of Miss Louise Miller and was witnessed by a large and very enthusiastic audience. The young women took their parts with exceptional ability and the entire program was well received. The music was bright and catchy, adding materially to the success of the program.

At the close of the first part Professor Smith made a brief talk, expressing the appreciation of the community high school to Miss Miller and the Glee club for their splendid program which was given as a benefit for the high school annual.

The visitors arrived at about 5:30 o'clock and were entertained at several Winchester homes at dinner.

Banquet For Follicle Cast.

Those who took part in the Follicle and also those who assisted in the presentation, were given a banquet in the dining room of the Christian church Wednesday evening. The ladies of the church served a delicious four course menu including tomato soup, baked chicken, dressing, potatoes, cranberry, cranberry, hot rolls, off pineapple salad, fried ice cream cake and mints.

The toastmaster was Guy Paul and brief talks were made by Mrs. Cunningham, Miles Gish and Curtis Jones. After the banquet and program the guests went to Legion hall and danced until twelve o'clock. The evening proved a great success in every way.

News Notes.

The ladies of the Baptist church will have a sale of eatables at the Higgins book store Saturday.

Charles Burns and George Wills of Abey were business visitors here Thursday.

Mrs. Chris Munge and daughter Miss Anna and Mr. and Mrs. Bert Coultas motored to Concord Thursday to attend the funeral of Raymond Smith.

Emory Beird and son Roy of Bluffs were visitors here Thursday.

JACOB FRISCH A VISITOR IN THE CITY

Jacob Frisch of Springfield, who is a candidate for renomination as member of the general assembly on the Republican ticket, was a visitor in Jacksonville yesterday. Mr. Frisch has served in this district thru several terms and has made an excellent business record. Although not a resident of Morgan county, he has shown the desire to give the interests of this county his careful attention.

The Springfield man has frequent occasion while in this city to find that his welcome here is the more hearty because he is a brother of Henry Frisch, one of Jacksonville's foremost business men.

FORGAN OPPOSES PAYMENT OF BONUS.

CHICAGO, March 23.—Opposition to the payment of a soldiers' bonus unless it is accompanied by provisions for a sales tax was voiced tonight by David R. Forgan, president of the National City Bank in a speech before the Chicago Bankers' association. Paying a bonus without adding the sales tax is to pay it, yet not to pay it for the present. It is poor policy and poor finance.

ROTARIANS ENJOYED EXPEDITION TO DECATUR

Rotarians who returned from Decatur yesterday were not at all discouraged over the fact that their candidate, Rev. M. L. Pontius was not elected district governor. The facts are that Mr. Pontius did not become a candidate for the post until a comparatively recent date, whereas there has been talk for more than a year of the selection of Mr. Baker of Kankakee.

It was pointed out to the Jacksonville delegates while at the convention that the men who are elected to the governorship are usually talked about a year or two in advance, and that it would not be unreasonable to believe that the Jacksonville man will be the logical candidate for 1923.

In the street parade in which 1,200 or more Rotarians participated, Jacksonville made an excellent showing. The Illinois College band made a substantial contribution to the parade feature and the organization was the recipient of great many commitments. According to the returned delegates the Decatur men proved most gracious hosts.

SEEK TO SET ASIDE MRS. McLEOD'S WILL

Four Nieces of Waverly Woman Dissatisfied With Division of Her Estate.

In the circuit court a bill has been filed to set aside the will of the late Alice McLeod of Waverly. It is maintained by four nieces that the deceased was not of sound mind and that she was subject to the influence and domination of one of the legatees, Ida M. Wells, who is the executrix of the estate.

The bill was filed by L. J. Taylor of Taylorville, the complainants being Mamie Pabre et al. The defendants named in addition to Ida M. Wells are the Old People's Home in Jacksonville, the West Side Christian church of Springfield, the National Benevolent association of the Christian church and R. R. McLeod.

It is shown that Mrs. McLeod made her will in August, 1918, and that in July 1920, a codicil was attached making changes in some of the bequests. Mrs. McLeod's death occurred in Waverly a November, 1920.

It is shown in the bill that Ida M. Wells is the principal devisee and legatee and the claim made that undue influence was used in having the will drawn so largely in her benefit.

TO SELECT RURAL CARRIER FOR BLUFFS

The U. S. civil service commission has announced an examination to be held at the Jacksonville post office May 13. At that time applicants will be examined for the position of rural carrier at Bluffs. The salary of rural carrier on a standard wagon route of 24 miles is \$1,800 per annum, with additional pay for longer mileage. The salary on motor routes ranges from \$2,450 to \$2,600.

Mrs. J. H. McCune of Ipava is in the city for a few days' visit at the home of Miss Eleanor Moore, 829 West State street. Mrs. Jack Henry, who has been Miss Moore's guest for several days, will leave today for St. Louis.

GERMANY'S FINANCIAL POSITION PRECARIOUS

NEW YORK, March 23.—Germany's more serious financial and general economic position found concrete expression today when the mark fell to the new low record of 29 1/2-100ths of one cent. The extent of this collapse probably unprecedented in modern history, may be gauged from the fact that the normal or pre-war value of the mark here was 23 8-10 cents.

FARMERS PROBLEMS CLEARLY PRESENTED

Harry J. Sconce, Well Known
Agriculturist Gives Views on
Production and Marketing.

The Journal is in receipt of a letter from Mr. Harvey J. Sconce of Sidel, Ill., giving some of his views with reference to farm marketing and production problems of the present. The letter was written because of an editorial reference in the Journal made several weeks ago to Mr. Sconce and his views which were evidently founded upon a misunderstanding of the statement made by Mr. Sconce in an address on the agricultural situation.

Mr. Sconce who is known to many Jacksonville people, is a large land owner and operator. He has been active in the affairs of the Illinois Agricultural Association and his views on problems relating to agriculture have quite often been sought at the national capital.

The letter from Sconce is given below:
Editor Journal,
Jacksonville, Ill.

Dear Sir:

One of my friends has just sent me a copy of the Journal of Feb. 23 date, in which is to be found an editorial relative to views of mine on agricultural affairs.

In view of the fact that I have evidently been misquoted, and that the entire facts are not related in the editorial, I therefore desire to make a statement for your benefit, and not only set you right on this matter, but to place myself squarely before your readers around Jacksonville who are writing me asking what has happened to make me take such a position as this when it is in direct opposition to what they considered I stood for.

Where the information came from that you gathered this impression, I do not know, as the only time I have made an address that could be misconstrued in this way, was the one on Feb. 23 before the annual meeting of the Illinois Lumber Dealers Association and I have before me the copy of my address I see no place where I was "deprecating certain existing conditions in the agricultural and livestock business."

In reply to this I find "The producer has been deflated to such a terrible degree that his purchasing power is entirely taken away. Farms mortgaged; borrowed to his limit at the local banks; crops sold to pay last year's operating expenses, and nothing left to put in the coming crop."

I never have depreciated the

PLANT CAMPAIGN AMONG MOTHERS

Two Year Campaign of Education
Is to Be Carried on Among
Mothers of Kentucky.

Louisville, Ky.—(By The Associated Press.)—Preparing for a two-year campaign of education among the mothers of Kentucky, in order that by the time the General Assembly meets in 1922, the people will be acquainted with the educational needs of rural communities, the International Kindergarten Union will meet in Louisville the week of April 24. At the international gathering of delegates, representing 50,000 kindergarten teachers of many nations, the educational campaign plans will be laid and active work started to show the need of kindergartens in small towns as well as in the larger cities, as a vital factor in training the young mind, says the announcement of the committee arranging for the convention.

Already, in seven states bills have been prepared providing for the establishment of kindergartens on petitions of parents in their own school communities. These bills will be presented at the next legislatures in New York, New Jersey, Georgia, Virginia, Mississippi, Louisiana and Maryland, and it is the purpose of the International Union to have a similar bill ready for the 1924 General Assembly in Kentucky. Several states already have this law, it is said.

The movement in Kentucky is in the hands of Miss Susan Speed, Miss Allene Seaton, Miss Alexina Booth and Miss Nancy Rubel, as a committee representing the Louisville Kindergarten Club.

The convention was arranged for in December by a group of nationally-known educators who met with the Kindergarten Club. The convention will be open to the public and a special effort will be made to have the educators, legislators, members of Parent-Teacher organizations and others interested in education attend.

Representatives of the several branches from many countries in Europe, South America, Japan and other parts of the world are expected to attend the convention.

Courtesy Is a First Principle With Us

The first thing in our business is to know all there is to be known about the care and repair of storage batteries.

But we can't for a minute forget that it is not only what we do but the way we do it that counts.

Our way is always the courteous way. You may be sure that we will treat you just as we would want you to treat us if you were the battery service man and we were the car owner.

Bring your battery in. It's a Willard Battery you're to be congratulated. But you will get the same attention, the same courtesy and the same service whether it is a Willard or not.

VICTORY BRIDGE OVER VERMILLION

Beautiful Structure Being Erected at Danville in Honor of the World War Men.

CHICAGO.—(By the A. P.)—The Victory bridge over the Illinois river at Danville, Illinois, combines beauty and utility and possesses the distinction of being one of the first extensive war memorials. Harlan H. Edwards, city engineer of Danville writes in the March issue of the Illinois Journal of Commerce.

The bridge conceived and to be dedicated to the honor and memory of those who gave their lives in the service of their country, is a reinforced concrete arch highway viaduct, having three short approach spans at each end, and six arches, the largest of which is 195 feet.

The entire length of the structure is 1,016 feet, while at the river the roadway is 75 feet above the water. Upon the bridge the space provided for vehicles is 20 feet wide, with a seven foot sidewalk on each side, bordered by a strong, yet ornamental hand rail. The memorial feature of the improvement, Mr. Edwards writes, is not located upon the bridge itself, but instead is to be placed upon the north approach. A monument by Lorado Taft, the well known sculptor, occupies the central space, surrounded by an oval grassed space, and flanked on each side by a 24 foot roadway uniting in a 40 foot drive extending a short distance to the bridge.

"In order to strengthen the landscape treatment of the approach," Mr. Edwards continues,

FARM FOR SALE BETTER THAN A GOLD MINE

220 acres 11 miles north of Meredosia on the beautiful Meredosia Lake. 3 mile of fine sandy beach with lots of shade, about 70 acres extending out in and across the lake. Can be made one of the finest bathing and fishing resorts in the state at very little cost. Has good set farm buildings; 217 acres good farm land in cultivation. Only 40 minutes drive in auto from Jacksonville. Price only \$30,000, not one half what it is worth as a resort. The Chamber of Commerce should get busy and not let this get away from them. Get busy and buy now; you will regret it if you pass it up.

"the roadway around the monument is set off by a low hedge placed between the sidewalk and the curb, while a small park area back of the walk is bordered with Lombardy trees and several banks of shrubbery, in all providing a stately and impressive setting for the monument."

Four floodlights will be placed at advantageous points to illuminate the monument at night. Considerable work in paving and lighting the structure and its approaches remains to be done, but it is expected that the improvement will be completed by Memorial Day.

A bond issue of \$250,000 for the memorial was voted in 1919.

NEWSPAPERS GIVE SPACE TO SCRIPTURES

Over \$950,000 Worth of Space Is Given For Secretary of Bible Bureau Announces.

Cincinnati, O.—(By the Associated Press.)—Secular newspapers using the service of the Bible Bureau, which has headquarters here, have given without charge over \$950,000 worth of space for the publication of Scripture, according to Addison Y. Reid, secretary of the Bureau. "The response from the newspapers is amazing," he says. Mr. Reid reports that the combined circulation of the more than 90 papers using the service exceeds 10,000,000. One of the first large dailies to carry a Bible selection free has printed one at the head of the editorial column daily since September 7, 1920, records show. The service also is supplied to papers in Canada, Hawaii, Alaska and the Virgin Islands.

The Bureau, of which James N. Gamble is chairman, supplies editors with clip-sheets bearing passages from the Bible under brief captions, for use as a feature. Many editors report that readers have welcomed the passages, according to officials of the Bureau. The organization seeks to reach the public thru the secular press, "the only way it can be reached," Mr. Reid asserts.

Representative passages supplied by the Bureau follow: "The Road to Want: He that oppresseth the poor to increase his riches, and he that giveth to the rich, shall surely come to want.—Proverbs 22:16."

"The Best Medicine: A merry heart doeth good like a medicine; but a broken spirit drieth the bones.—Proverbs 17:22."

MOTHERS RESPONSIBLE FOR DAUGHTERS DRESS

Kentucky State Senator Says
Woman Lobbyists Should Start
Reform Among Own Sex.

FRANKFORT, Ky.—(By the A. P.)—Mothers of today are responsible for the way their daughters dress, and women lobbyists who urge protection of young women "should work more among the women themselves," asserted Senator Sterling L. Marshall in the Kentucky Senate in a speech on the Nelson anti-bathing suit bill. "We have had frivolity, politics and poetry during the last few days," Mr. Marshall said, "and now we are getting down to bare facts. The object of this bill as I see it, is to protect the eyes of the old men and the morals of the younger man. Incidentally we are planning to legislate modesty into the bathers themselves."

The bill under discussion at the time provided that it should be unlawful for any person to appear on public roads in unincorporated towns clad only in bathing suits. According to Representative C. A. Nelson of White Mills, a little summer resort, it is aimed at the bathing suits of young women visitors.

Senator B. H. Harris who championed the bill, in reply to a query as to whether he thought some of the modern evening gowns

were "as modest as bathing suits" replied that perhaps they were. But there was no way, he said, to regulate the wearing of evening dresses.

"It's an awfully pitiful sight to see an old gray haired woman with her skirts above her knees," he added.

Mr. Nelson appeared before the upper body in behalf of his bill and said the new law would be enforced. He said he intended to resign as representative, get appointed a deputy sheriff and see that no fair violators escape punishment.

Invisible Color

Here Is Real Magic for You

Every Sunday

The Invisible Color Book will be a regular part of the Sunday Globe-Democrat, beginning March 26.

Everything in it is brand-new—including several Invisible Ink pages and other features for children: cut-outs, drawing lessons, stories. (The Invisible Color Book is published IN ADDITION to the regular Sunday features for children. You will still get the 8-page Comic Section, and the Crayon Lessons, and the Happyland Page, and the Kiddie Club Cut-Outs.)

Every child will insist on having the Invisible Color Book week after week. This is going to be one of the most popular newspaper features ever introduced.

And it is just an addition to the Sunday Globe-Democrat—the biggest 5-cent purchase you can make.

The demand for the Sunday Globe-Democrat is going to be greater than ever. Be sure to place your order now for the Sunday Globe-Democrat of March 26.

See the first issue of the Invisible Color Book. Then you'll not be willing to miss a single issue.

Something brand-new. A novel invention which works exactly like magic.

The Invisible Color Book is the NEW Special Section of the Sunday Globe-Democrat.

Every other page is printed in "Invisible Ink." Looks just like a page printed in black. But get a glass of water and a small paint brush, or a ball of cotton. Wet the brush or cotton and apply to the invisible color page.

See What Happens!

The water brings out the invisible colors. The flowers become red and yellow. The trees and grass turn green. The little girl's dress changes to blue.

It happens right before your eyes. . . as if by magic.

It's hard to believe, isn't it? . . . You have never seen anything like it before.

Really, this Invisible Color Book is one of the most fascinating novelties ever introduced.

Even grown-ups will enjoy it. It entertains, it instructs.

Think of watching those invisible colors as they appear under your brush! And they are permanent. When the picture is finished, it is ready to paste in your scrap book or hang on the wall.

In the general shake-up nearly
everybody in Russia has been forced
out of his old zone. City peo-
ple have been forced into the
country districts and country
folks have been forced into the
cities, especially since the famine
because so serious.

Teachers have left the schools
because they were inadequately
paid, or not paid at all. Peasants
have become landlords but lack
the machinery, animals and funds
necessary to put in crops. Fam-
ilies have been scattered and are
vainly looking for lost members.

Individuals are having the same
trouble adapting themselves to the
new order that the government is
and the process is slow and un-
certain. The new economic policy
has upset the plans of millions
who had managed to land the
selves in berths where they ob-
tained good food allowances and
were able to exist without much
salary. With the cutting off of
government free food from a large
percentage of workers and govern-
ment employees, wholesale re-
adjustments have been necessary.

Government departments have
been reduced in a wholesale man-
ner to reduce the government's
food burden and to lessen the
drain on the printing presses. Of-
fice buildings and business houses
are being evacuated by the govern-
ment to make way for commercial
concerns which will pay taxes and
help swell the government's in-
come. All persons are to pay rent
hereafter. Many have no money
and must get into less expensive
quarters.

Every day seems to be a moving
day now in the Russian cities.
Sledges drawn by men and women
are hauling furniture to the mark-
ets or to new quarters. Govern-
ment vans are hauling office
equipment.

Everything is in a state of flux
and the public is quickly asking
what the next development
will be in the gradual change back
to capitalism.

WHITE HALL RESIDENT IS NOW IN CHINA

White Hall, March 23.—A card

"Osaka is the third manufactur-

million population, and the
crowded living conditions are
frightful. I wish you could have

PROTEST POLICY OF INDIAN GOVERNMENT.

BOMBAY.—A protest against
the policy of the Indian govern-
ment in dealing with the National-
ist movement was adopted at the
conference of political leaders of
the Moderate party just held here.

This was in addition to the re-
solution calling for a round-table
conference between the National-
ists and government representa-
tives, as called at that time.

The resolution adopted declared
that the government's policy of
applying the criminal law amend-
ment act and seditious meetings
act to various parts of the coun-
try and the "misuse of ordinary
law" in connection with political
offenses which had led to whole-
sale arrests and imprisonments
"constitute unwarranted en-
croachment upon the elementary
rights of citizenship, of the free-
dom of the press and the liberty
of speech and association."

"It has defeated its own object
by alienating popular sympathy
and aggravating general discon-
tent and ought to be reversed
without delay."

Before the adjournment of the
conference, a committee was ap-
pointed to negotiate between the
government, the non co-operators
and other political organizations
of the country for a round table
conference.

SERVICE COMPANY TO INCREASE PLANT

Will Build Addition to Plant at
Harrisburg—Big Reservoir Is
Also Planned.

Harrisburg, Ill.—(By the Asso-
ciated Press.)—Ground will be
broken near here within the next
few days and work started on an
extensive addition to the Central
Illinois Public Service company's
plant that will make it one of
the largest stations in the state,
outside Chicago. This enlargement
increasing capacity of the plant to
33,000 horse-power, will make
necessary another improvement, a
285,000,000 gallon reservoir,
which will add to Harrisburg's at-
tractions an artificial lake cover-
ing seventy-five acres.

Operation of the new equipment
to be installed will start about
December 1. Then the plant will
be capable of lighting 625,000
standard fifty-watt lamps at one
time, or their equivalent. The
power will be supplied coal mines
in Southern Illinois and a large
number of cities and villages. The
number of persons desiring elec-
tric service for lighting and for
the operation of electric motors in
coal mines, ice plants and other
industries in this part of Illinois,
the Public Service company has
announced, has grown continuously
and this enlargement of the
plant was necessary to supply the
demand.

At present about thirty mines
receive all or a part of their power
from this station and a number of
other mines will obtain power
from this plant as soon as the new
generator is installed.

To obtain an adequate supply
of water for the power plant, it is
also necessary to increase the
capacity of the reservoir. At present
the Central Illinois Public Service
company has a reservoir cov-
ering about thirty acres which
holds 125,000,000 gallons of
water. A new reservoir will be
constructed adjacent to the present
reservoir covering forty-five
acres to hold 160,000,000 gallons.
The storage capacity of the two
reservoirs when completed will be
sufficient to supply the great
power plant and the city of Har-
risburg for a period of six months
if no rain should fall.

"Ending first term; rather capable; was one of Governor Small's most active supporters during the last session; introduced the anti-Civil Service bill, by which the administration struck at the life of the State merit system by exempting 2,000 positions from the operation of the State Civil Service law; also actively supported other objectionable Thompson-Small measures."

Earl B. Searcy,

Representative

"Ending first term; showed marked independence and ability; was one of the members who protested sharply against improper lobbying methods; aided in inducing the Legislature to make provision for the care and education of children of Service men; made an excellent record."

MEREDOSIA RESIDENT
WAS LAID TO REST

Funeral of late St. Clair Moore held Wednesday Morning — Other News From Meredosia.

Meredosia, March 23.—Funeral services for the late St. Clair Moore were held at 10 o'clock on Wednesday morning at the Church of Christ in Meredosia in charge of Rev. Mr. Deitrick of Concord. The music was furnished by Miss Maude Winingham. Mr. Bert Boles, Mrs. George Shinnbarger, Mrs. George Cottle and George Mayes.

Interment was made in Oakland cemetery, the bearers being Edward Fee, Reuben Hamm, Ira Braden, John Vanderlip, Thomas Duthope and James Mayes.

The death of Mr. Moore came Sunday evening at 5:15 o'clock after an illness of long duration. Mr. Moore was the oldest son of Mr. and Mrs. Enos C. Moore of Sandusky, Ohio. He was born February 22, 1846, at that place and was 76 years and 26 days old at the time of his death.

He was united in marriage to Mrs. Anna Boulard of Elmwood, Illinois, April 27, 1918.

Deceased served for his country during the civil war, and united with the Church of Christ at Meredosia under the ministry of Brother E. M. Borden in 1913.

Deceased is survived by his wife.

The bridge committee composed of W. F. Roeger, L. F. Berger, C. P. Hedrick of Meredosia and Wade Irving of Mt. Sterling, motored to Pittsfield Tuesday.

ESSAY CONTEST AT I. W. C.

An essay contest between the Sophomores and the Juniors, known as the Wesley Mathers Essay Contest, will be held Friday evening in Music Hall at Illinois Woman's College. A splendid spirit of rivalry is much in evidence and the evening promises to bring forth much excitement. There are six contestants; three from each class.

This contest, as well as the one in declamation, which will occur next week, is made possible by the generosity of Mr. and Mrs. F. H. Rowe.

The following program of essays will be given:
Letters—Audrey King.
The Value of Education—Edith Weller.

Social Evolution of Success—Helena Betcher.

Chapel of our College Life—Eleanor Sanford.

Parties—Margaret Fowler.

Concrete Method of Meeting the Housing Problem—Florence Weber.

NOTICE TO TAX PAYERS

The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress and sale of goods and chattels of such persons." Parties paying on real estates should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

AT THE HIGH SCHOOL

An agricultural film was shown yesterday afternoon at the high school for the members of the class in agriculture. The film was four reels in length and showed work done by the United States Department of Agriculture. The life history of the trypana and round worms which infest stock was shown and the film was very educational and interesting in its scope.

Mr. Lawrence Todnam of Shattuck spoke in assembly yesterday morning. He gave a very interesting talk which was much enjoyed by the students.

GLEE CLUB PUT ON

MINSTREL SHOW.

The Glee Club of Illinois Woman's College went to Winchester last night and put on the minstrel show that was given recently in Music Hall. The Glee Club is directed by Miss Louise Miller and the program as presented last night showed the splendid work done by the club. The program was the same as given by the club here on March 7th with the exception of a group of songs sung by Miss Miller, a violin solo by Miss Audrey King and a reading given by Miss Mary Rose Adams.

(The Arcade)

34 vs. 66

Swift's Premium Ham and Swift's Premium Bacon are produced from only the best hogs. Many of the animals we buy do not furnish meat of Premium quality.

Since these are the choice cuts from the best hogs, cured and smoked in the best way, with scientific care and precision, they are naturally in great demand; but these cuts, with the loin from which pork chops come, represent only about 34 per cent of the live animal.

The remaining 66 per cent consists of the cheaper cuts, such as spare ribs, shoulders, trimmings, pigs' feet, lard, etc., and shrinkage in dressing and curing. Shrinkage is equal to one pound in each five, and has no value whatever.

That is why the prices of "Premium" Ham and Bacon and pork loins are higher than the price of the live animal.

Everybody wants them—and yet they are only about one-third of the entire weight. "Premium" Bacon alone is only about 8 per cent.

The great demand for the choicer cuts, and the smaller demand for the cheaper cuts, constitute the reason for the comparatively higher price of the one-third, and the lower price of the other two-thirds. (Some of the lower priced cuts sell at less than the per-pound price of the live animal.)

It is only by utilizing all possible by-products and exercising the utmost skill and efficiency that we are able to average a profit of a fraction of a cent a pound on all our business.

N. B. Some very delicious dishes can be prepared from the cheaper cuts.

GAMES CREATING GREAT INTEREST.

The interclass basketball tournament which is being played at Illinois Woman's College is causing considerable excitement and class rivalry. Three series of games have been played and the game for the class championship of the school will be played between the Freshman and the Sophomore teams as neither of these have lost a game as yet.

In the first series the Junior and Freshman teams came out on top. In the second series played on Tuesday night the Sophomores and the Freshmen won the games. The games played Wednesday night comprising the third series of the tournament, the Sophomore team beat the Juniors by a score of 21 to 15, and the Freshmen won from the Seniors by a score of 20 to 17. The game to decide the championship will probably be played some time this week or the early part of next week. Misses Nell and Peggy Boyd, the gymnasium instructors at the college have charge of the coaching for the basketball teams.

WHITE HALL COUNCIL IN ADJOURNED SESSION

Various Matters of Business Taken Up at Meeting Held This Week—Annual City Election April 18.

White Hall, March 23.—An adjourned session of the city council was held this week for the purpose of opening bids for water pipe and road oil, and the calling of the annual city election. All of the members were present. The regular order of business was dispensed with.

A communication from the Caldwell Engineering Co., stated that plans and estimates for the proposed municipal electric plant could not be prepared in time for the submission of the bond issue at the regular election this spring and the matter will go over until a latter date.

Bids were opened for a car-load of cast iron water pipes, and the contract was awarded to C. A. Dawson at \$42.50 per ton for four inch pipe.

Bids were opened for one to two hundred thousand gallons of road oil of an asphaltum content of 50 to 60 per cent according to Illinois specifications, and the

lowest bidder was W. H. Cochran at \$4.95 per hundred gallons.

The annual city election was called for April 18th., and judges and clerks were named as follows:

First Ward—Judges: J. C. Spencer, T. J. Grant, John Peters, Clerks: P. Wilfong, R. H. Harrison, Virgil Bowen.

Second Ward—Judges: E. H. Halbert, Hugh Vail, Frank Flynn, Clerks: Henry Bishop, Buel Fair, H. W. Culbertson.

Third Ward—Judges: A. J. Johnson, S. H. Scott, Andy Armstrong; Clerks: T. Allen, George Sullivan, Charles Lyons.

A letter from Henry P. Ferguson, chief sanitary engineer of the Illinois state board of health, insisted that as the bonded indebtedness of the city is very light, the city ought to provide a filtering plant at the city reservoir, so that the city water can be used for drinking purposes, and then forbid the use of well water throughout the city. The writer stated that the cost of his suggested filtering plant would be \$15,000. He stated further that the city water at present is not fit to drink.

A petition for an arc light at the east end of Douglas street was referred to the street and alley committee.

A petition signed by some sixty voters asked that the question of licensing pool halls be submitted to vote at the regular city election. Two pool hall owners were present and spoke against the petition and E. L. Wendell spoke at some time in advocacy of the question to the voters. The sentiment of the council opposed the submission one member declaring that the citizens are not legally or otherwise competent to pass on this question and the council took no action.

Adjournment was taken until the next regular session.

OBITUARY

Elmer, son of William, and Nancy Alice Adams was born August 16th, 1882, at Camp Point, Ill., and departed this life at Clinton, Iowa, March 19, 1922, age 39 years, 7 months and 3 days.

June 9th, 1914, he was united in marriage to Miss Elsie Moody. To this happy union two daughters were born, Hazel Margaret, age 5 years, and Wanda Ruth, age 1 year.

Besides his wife and daughters he leaves to mourn his absence his aged father, six brothers, Isaac of Carroll, Iowa, Roy of Decatur, Ill.; Arthur of Camp Point, Ill.; Charles of Pomona, Calif.; Lawrence, of Bushnell, Ill., and Ray of Clinton, Iowa. The mother preceded him in death on Aug. 1, 1915. Elmer was a true and faithful companion always willing and ready to share in the necessities of life and a fond and loving father. He never worried of doing good and making some one happy. His children were his pride and his home was his joy.

He will not only be missed by his faithful and bereaved family and relatives but by hosts of friends who will always remember his kind and winning smile. He was a member of the Order of Railroad Telegraphers and Brotherhood of Railway Employees. Funeral services were held at the home of Mrs. Margaret Moody, Wednesday morning, March 22, 1922. Rev. Crabtree officiating. Appropriate music for the occasion was furnished by a quartet composed of Mr. and Mrs. Monte Funk, Mr. and Mrs. Fred Eller and Frank Calloway. There were many beautiful flowers and these were cared for by Mamie Hagerty, Verla Baker, and Maude White. Interment at Chapin cemetery. The bearers being Chester Williams, Frank Holliday, Russell Brookhouse, John Drake, Henry Vortman and Roy Craven.

Relatives attending the funeral from a distance were, Mr. and Mrs. Arthur Adams and Mrs. Walling of Camp Point; Mr. and Mrs. Lawrence Adams of Bushnell, Ill.; Roy Adams of Decatur; Miss Cora Davis of Cicero, Ill.; Ed Swope, of Clayton, Ill., and Ray Adams, of Clinton, Iowa.

Woodman Lodge Receives Class of New Members—Other Roodhouse News Notes of Interest.

Roodhouse, March 22.—The Woodmen of Roodhouse Camp are having a revival of interest in its membership. Eight candidates were received into the order last Thursday night, the work being exemplified upon two of them by the degree team from White Hall. Thirty members from White Hall Camp and twenty from Patterson Camp were present.

Mr. and Mrs. Harvey Hull and family have moved from the Heaton property on Prairie St. to the Ruyle place on East Franklin Street where they will be located until the completion of a new residence which will be built by them this spring.

Manford Brickery came home from Normal, Illinois Friday evening and is spending a ten days vacation at the home of his parents Mr. and Mrs. P. M. Brickery of East Franklin street. Manford

is a student in the state normal school taking the agricultural course and is enjoying a short vacation between semesters. His wife who was formerly Miss Janice Prather came down from Winchester to remain during his vacation.

The business houses of Roodhouse were closed between the hours of 1 and 2:30 Wednesday afternoon during the funeral services of Harold F. King a member of the U. S. navy during the world war, as a tribute to the young man's service and sacrifice to the country's cause.
